WELCOME NOTE...

Welcome to Fountain of Youth's personal and career development initiative, AMANDLA AWETHU FUTURE LEADERS & ACHIEVER CLUB. The Club is established to create a network of people who form small individual clubs that form part of the BIG Amandla Awethu Future Leaders & Achievers Club.

What is the Amandla Awethu Future Leaders & Achiever Club about?

The Amandla Awethu Future Leaders & Achievers Club is a youth leadership network and platform where young people meet to learn how to develop/grow their personal or leadership skills. Club members also learn how to follow and pursue your dream career; how to develop your future career and how. Some of the people the Club targets, include;

- **learners (Grade 9 – 12) struggling to get good grades?**
- **Matric Graduates or school-drop outs struggling to find employment?**
- **matriculants who are still not sure what career(path) to pursue?**
- **matriculants seeking advice and information about post-matric studies, financial aid options, e.g. bursaries, study loans, scholarships?**
- **matriculants with exemptions, but still not sure how to find and apply for a study loan, a bursary or scholarship?**
- **school drop-outs of who are not sure how to pursue a better life for themselves?**
- **if you were to be called for a job interview, do you know the employer needs a well-written CV? If your CV is not well written, this reduces your chance of being considered any whatever job you have applied for. A badly written CV will also affect your chances of being called for an interview.**
- **if you were to be called for a job interview, do you know how to prepare for the important job interview?**
- **young aspirant entrepreneurs. What is stopping you from reaching your dream? You may be the future Richard Maponya, the owner of Maponya Mall? How can you unlock and unleash the entrepreneurship genius in you?**

Join the Amandla Awethu Future Leaders & Achievers Club now to learn about how to follow / pursue your dream career; how to develop your future career and how to develop/grow your leadership skills. The Club runs interactive and practical bi-weekly workshops where members learn about tools and knowledge on self-development and learn how to use them. For more information:
